

Hollow Punch Kits

Clean cuts. Correct fit.
No waiting.

Ergonomic Handle Design

Contoured handles on the 16 and 32 piece kits feature an integrated hand guard and raised strike surface, designed for a secure hold, added hand clearance, and a clearly defined strike target.

ALLPAX Hollow Punch Kits

Quickly punch clean, accurate bolt holes and washers in gasket material. Select the required hardened-steel cutting head, secure it with the patented locking system, position it, and strike with an Allpax dead-blow hammer. Available in inch and metric 11, 16, and 32 piece configurations for on-demand gasket work in the shop or field.

- Rapid, patented cutting-head changes
- Single holes or dual-diameter rings in one operation
- Hardened steel heads for repeatable results

32 Piece Hollow Punch Kit

Also Includes:

- Ergonomic Handle
- Mandrel
- Retractable Centering Pin
